Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Hold a referendum on whether Scotland should become an independent country

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Ensure that all state schools and hospitals are built and run by public bodies rather than private companies

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Raise the money local councils need through a local income tax rather than the council tax

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Give more responsibility for policing local communities to local wardens rather than the police

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?

Ask the UK Government to transfer responsibility for setting and raising taxes in Scotland to the Scottish Parliament

Q.1 As you know, there will be an election for the Scottish Parliament on 3 May. I am going to read out a list of things the new parliament might do. It may not have enough money to do all of them, and certainly not enough to do all of them at once. We would like to know which of them YOU think should be the priorities of the new parliament?
