

Justin and Bee's Carbon Budget

| | | Carbon dioxide emissions measured as kilogrammes of carbon (kg C) | Average UK household values (kg C) |
|-------------------------------|---|---|------------------------------------|
| Direct Carbon Budget | Gas | 1050 | 1057 |
| | Electricity | 961 | 853 |
| | Private Transport | 820 | 709 |
| | Public Transport | 245 | 237 |
| | Holiday flights | 1144 | 426 |
| | Total Direct Emissions | 4221 | 3281 |
| Indirect Carbon Budget | Food & drink | 595 | 383 |
| | Clothes, shoes, personal effects | 703 | 318 |
| | Carbon in the car | 468 | 468 |
| | Household (buildings, furnishings, appliances) | 1172 | 643 |
| | Recreation and leisure goods and services | 1354 | 1012 |
| | Financial and other services | 521 | 236 |
| | Share of public services (health, education, defence) | 835 | 835 |
| | Total Indirect Emissions | 5647 | 3895 |
| Total Carbon Budget | 9868 | 7177 | |
| Per capita | 2467 | 2990 | |
